Precautions

• This disc contains software for the PlayStation®2 computer entertainment system. Never use this disc on any other system, as it could damage it. • This disc conforms to PlayStation®2 specifications for the PAL market only. It cannot be used on other specification versions of PlayStation®2. • Read the PlayStation®2 Instruction Manual carefully to ensure correct usage. • When inserting this disc in the PlayStation®2 always place it with the required playback side facing down. • When handling the disc, do not touch the surface. Hold it by the edge. • Keep the disc clean and free of scratches. Should the surface become dirty, wipe it gently with a soft dry cloth. • Do not leave the disc near heat sources or in direct sunlight or excessive moisture. • Do not use an irregularly shaped disc, a cracked or warped disc, or one that has been repaired with adhesives, as it could lead to malfunction.

Health Warning

For your health, be sure to take a break of about 15 minutes during every hour of play. Avoid playing when tired or suffering from lack of sleep. Always play in a well-lit room, sitting as far from the screen as the cord will allow. Some people experience epileptic seizures when viewing flashing lights or patterns in our daily environment. These people may experience seizures while watching TV pictures or playing video games. Even players who have never had any seizures may nonetheless have an undetected epileptic condition. Consult your doctor before playing video games if you have an epileptic condition or immediately should you experience any of the following symptoms during play: dizziness, altered vision, muscle twitching, other involuntary movements, loss of awareness of your surroundings, mental confusion, and / or convulsions.

PIRACY

The unauthorised reproduction of all or any game part of this product and the unauthorised use of registered trademarks are likely to constitute a criminal offence. PIRACY harms Consumers as well as legitimate Developers, Publishers and Retailers. If you suspect this game product is an unauthorised copy, or have any other information about pirate product, please call your local Customer Service number given at the back of this Manual.

See back page of this manual for Customer Service Numbers.

Pan European Games Information (PEGI) Age-Rating System

The PEGI age-rating system protects minors from games unsuitable for their particular age group. PLEASE NOTE it is not a guide to gaming difficulty. Comprising two parts, PEGI allows parents and those purchasing games for children to make an informed choice appropriate to the age of the intended player. The first part is an age rating:-

The second is icons indicating the type of content in the game. Depending on the game, there may be a number of such icons. The age-rating of the game reflects the intensity of this content. The icons are:-

VIOLENCE BAD LANGUAGE FEAR SEXUAL CONTENT DRUGS DISCRIMINATION

For further information visit **http://www.pegi.info**

Hello there, and welcome to my Sports Challenge.

Are you ready to put your sporting knowledge to the test?

Have you got the skills to top the table?

First is first, second is nowhere and it's time to get this show on the road.

Getting Started

1. Set up your PlayStation®2 computer entertainment system according to the instructions in its Instruction Manual. Attach game controllers and other accessories as appropriate.
2. Make sure the ⏻ switch (located at the back of the console) is turned ON.
3. Press the ⏻/RESET button. When the power indicator is green, press the ⏏ and the disc tray will open.
4. Place the game disc on the disc tray with the label facing up. Press the ⏏ again and the disc tray will close.
5. Follow the on-screen instructions and refer to the manual for information on using this software.

To save game data, a memory card (8MB) (for PlayStation®2) should be inserted into MEMORY CARD slot 1. Make sure there is enough free space on your memory card (8MB) (for PlayStation®2) before commencing play. On boot up any previously saved data will autoload.

It is advised that you do not insert or remove accessories once the power is on.

Note 1: To use a multitap (for PlayStation®2), please insert the multitap (for PlayStation®2) into either controller port 1 or controller port 2. Then please connect the controllers sequentially into controller ports 1-A, 1-B etc.

Note 2: For owners of SCPH-70000 series PlayStation®2 systems, please refer to the set-up instructions provided with your system.

Please select your preferred language from the console's internal System Configuration menu.

Information for Using a Multitap (for PlayStation®2)

When using a Multitap (for PlayStation®2) the game will automatically assign player numbers based on available controller ports. Players should always connect their controllers to the lowest available numbered controller port.

Example 1

Using the Standard controller configuration from the options menu with an Analog Controller (DUALSHOCK®2) connected to controller port 1 and a Multitap (for PlayStation®2) connected to controller port 2, player numbers would be assigned as follows:

Player Number	Uses controller in controller port
1	1
2	2-A
3	2-B
4	2-C
5	2-D

Example 2

Using the Share-a-Controller configuration from the options menu with an Analog Controller (DUALSHOCK®2) connected to controller port 1 and a Multitap (for PlayStation®2) connected to controller port 2, player numbers would be assigned as follows:

Player Number	Uses controller in controller port
1	1
2	1
3	2-A
4	2-A
5	2-B
6	2-B
7	2-C
8	2-C

In this example, controller port 2-D would not be used by the game.

Introduction

Controls

Controlling the game is so simple, even your granny could do it!

Each round has an introduction that will let you know how to answer and how many points you'll score.

There are three controller configurations to choose from. You can find them in the Options menu.

Standard Controls

To buzz in and answer a question, press R1 or L1.

To select an answer, press the button that corresponds to your answer on screen.

Share-a-Controller

This allows you to share a controller with a friend.

One player has the right half of the controller, using R1 to buzz in, and then press the △, □, ○ or ✕ to answer.

The other player has the left half of the controller, using L1 to buzz in and up, down, left, right on the directional buttons to answer.

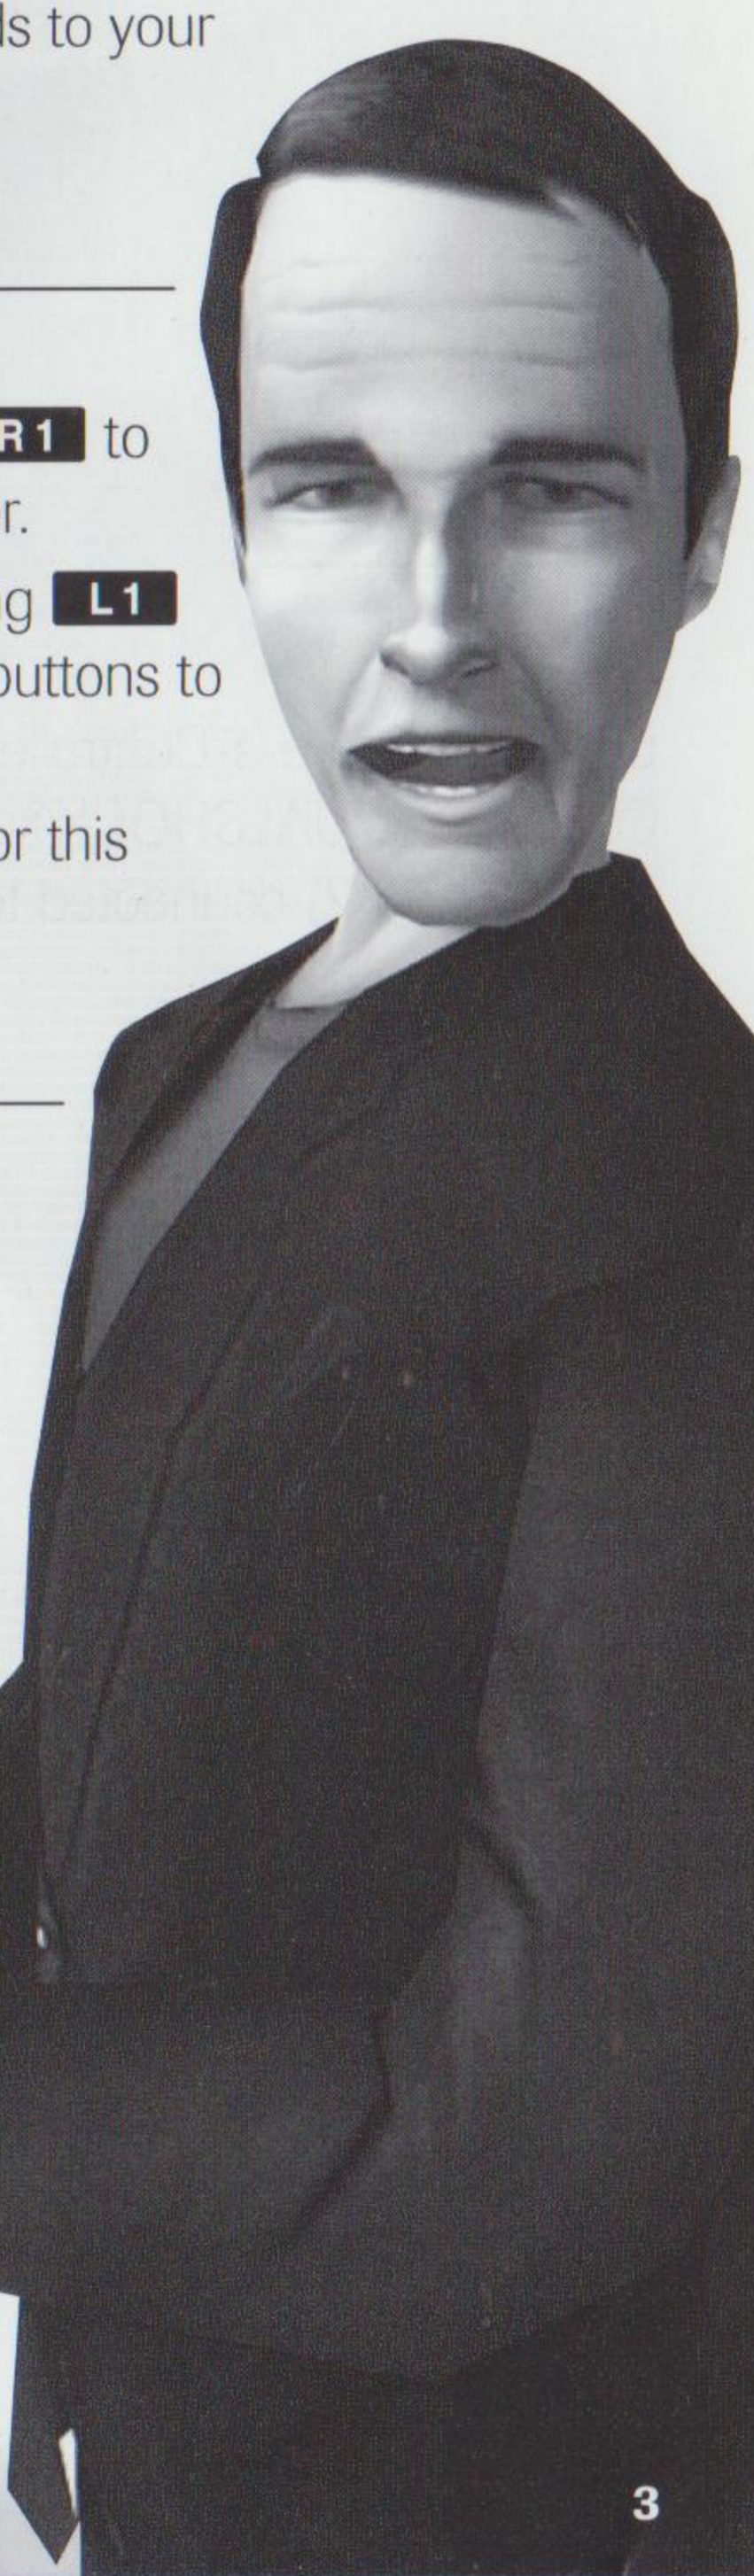
NB: The vibration function is automatically disabled for this controller configuration.

Dance Mat

This configuration allows you to play on some dance mats that don't have the standard range of controller buttons.

Here, you use the ✕ button to buzz in and answer a question.

To select an answer, press the button that corresponds to your answer on screen.



Game Type

Select whether you want to play a short, medium or long game.

This choice affects how many rounds you'll get in the game and how many questions you'll face in each round.

Who's Playing?

To join in, you just need to press your buzzer button.

Choose Player Avatar

Follow the on-screen hints to scroll through the available avatars. When you see the one you want, press your buzzer button.

If the avatar you want is greyed out – that means someone else has already selected it and you're going to have to choose something different.

Choose Buzzer Sound

Again, just follow the on-screen instructions to scroll through the available buzzer sounds. When you hear the one you want, press your buzzer button to select it.

Rounds

Kick Off

The players are on the pitch. The anthems have been sung. The ref has his whistle to his mouth. It's time for Kick Off!

You'll see a question and four possible answers. Press the button that matches your answer. A right answer will secure you some points.

Big Break

It's vitally important to keep it tight in the early rounds. Who's got what it takes as we go into the Big Break round?

A simple question and four answers. Press the button that matches your answer. Get it right and you'll be in the points.

Behind the Wall

Surely you're not going to shoot from that distance! The defence is standing tall, but can you see who's Behind the Wall?

In this round you'll get a question about a picture. The picture will slowly be revealed. When you know the answer, press your buzzer button, then select the answer you think is correct.

Home or Away?

Your home form is vital, but it's all for nothing if you crumble on your travels. Let's see who's got what it takes in Home or Away.

You'll see a question followed by a series of answers. When you see the correct answer, press your buzzer button. Lots of points for a right answer, a wrong answer will get you nothing at all.

Pace Setter

Well, it's all getting interesting now isn't it? So, have you got the quality to make a break from the pack in the Pace Setter round?

Speed is of the essence here. Press the button that matches your answer. The faster you are, the more points you'll get.

Hall of Fame

Solid gold Superstars left, right and centre in this round. Who will you spot in my Hall of Fame?

A vital clue to the answer will be revealed to you. When you know what it is, press the button that matches your answer. The quicker you are, the more points you get.

Transfer Window

It's all about tactics now. Let's see who's got the wherewithal to take full advantage of... The Transfer Window.

You get two goes at this one. Press the button that matches your answer. You'll then see what everyone else thought and can change your mind if you want.

Injury Time

The fat lady is warming her vocal cords, but it's not over yet. What have you got left in the locker for the Injury Time round?

You'll see a question and four possible answers. The question will slowly be revealed. When you know what it is, press your buzzer button, then select the answer you think is correct.

Big points for getting it right in this round but get it wrong and you'll lose big time!
